91. HIGHWAYS AND ENVIRONMENTAL MATTERS

- It was reported that the homeowners who placed stones on the highway verge in front of their home on Tunley Lane have now removed them but have planted a hedge, leaving an area of land between the hedge and their fence. The Council will enquire about ownership of this strip of land at LCC.
- There is a lot of water running down Appley Lane North which appears to be coming from fields at The Mount and also from Skull House Lane. The junction of Skull House Lane/Appley Lane North is now extremely wet and could prove dangerous during frosty weather. The Council will request a grit bin at this junction.
- The Chairman will ask Mr Proe for a price to refurbish the Notice Board at Appley Bridge Village Hall. This could possibly be the subject of a Capital Bid.
- Councillors again expressed disappointment in the new street lighting which gives poor illumination. In some places, where street lights are few and far between, the light is so poor it may as well not be there and is often made worse by overgrown vegetation.
- Councillors once again expressed their disappointment that the Heron's Wharf/Mill Lane junction cannot be improved. Complaints about exiting at this junction are frequent. The Parish Council will ask LCC to reconsider their decision and will suggest that traffic lights be put at the junction or, that motorists should only be allowed to turn left out of Heron's Wharf.

92. REPORTS FROM REPRESENTATIVES ON OUTSIDE BODIES – Nothing to report. However, it was confirmed that Councillors Mrs Burton and Mr Hodgkinson will be attending the Local Plan Review Meeting in January 2018 to discuss sites which have been submitted as potential development or industrial sites in the Parish. It was confirmed, the Councillors attending will stress that the Parish Council are not in favour of any development on Green Belt land and will not support any suggestion of re-designation of any land which is currently Green Belt.

93. VILLAGE HALLS

MOSSY LEA – Christmas Craft & Gift Fair £30. Yoga £160. Reiki £20. Craft Classes £70. Request from E.on to discuss a new fixed price electricity contract as the current one ends on 23/3/18 – Councillor Johnson will be asked to look into this for the best deal at both village halls. The Clerk reported that the Boot Camp classes on Monday evenings will cease with effect from tonight as the class has grown too big for the village hall in the winter months. As the Boot Camp classes have finished it was agreed that the next Mossy Lea Village Hall Committee Meeting will take place in February, prior to the Parish Council Meeting, at Mossy Lea Village Hall. In view of the large water bill received, Paul Cornwell will be asked to quote to replace the urinals in the gents' toilets with a second toilet cubicle. Further thought will be given to protection for the chairs or the wall in the hall to prevent further damage to the painting.

APPLEY BRIDGE – Request from E.on to discuss a new fixed price electricity contract as the current one ends on 23/3/18 – Councillor Johnson will be asked to look into this for the best deal. Mr Cornwell will be asked to quote to repair the large arched window in the front of the hall. Parking remains an issue on the car park and the Police have suggested installing a barrier which can be locked, with village hall users having a key. Mr Ashcroft will be asked for a price for this work. It was confirmed that painting in the village hall is likely to take place towards the end of February 2018.

94. PLANNING To discuss the following applications:

- 1) 2017/0843/FUL Demolition of Block 31 (former 2 storey male nurses home) and provide car parking expansion for patients and visitors. This will result in the creation of 92 parking spaces but a loss of 6 giving a net gain of 86 parking spaces for the site. Wrightington Hospital, Hall Lane, Wrightington - **Resolved – No Objections.**

REPORT 2

- 1) Confirmation from the VIP Mail Team, that your enquiry requesting that LCC look at the flooding problems in the vicinity of 15 Mossy Lea Road as a matter of urgency has been passed to Highway Services – **The Council pointed out that the drainage system has not stopped working completely as the flooding does go down over time. This is not a recent problem and has been an issue for some considerable time. The homeowners at this location are subjected to this inconvenience and the threat of flooding to their homes every time at rains. This cannot be easy for any of them, particularly at Christmas time. The Council will try to escalate this issue by copying in the MP, County Councillor Fillis and the Chief Executive at LCC into this report.**

- 2) Confirmation from the VIP Mail Team, that your email regarding yellow water and clear water flowing down Broadhurst Lane will be investigated by highways officers + a response from Andrew Davies stating that LCC have completed a considerable amount of drainage work to try and resolve the problem. He has noticed the issue reappear and LCC intend to return and add an additional gulley and subsurface drainage to try and intercept the groundwater before it reaches the surface. The orange coloured residue and oil film are indicative of de-oxygenated groundwater (that contains soluble ferrous iron) reaching a source of oxygen. It is unsightly but will not contaminate the stream – **Noted.**
- 3) Notification from the District Lead Officer of the up-to-date position with regard to boulders on Hall Lane – **The Parish Council still believe that the illegal actions of the homeowner are causing problems and he/she should be forced to remove them even if they are protecting the headwall. LCC should install barriers to do this job rather than allow this resident to set a precedent by being allowed to leave the boulders as an obstruction on the highway. The Council will highlight the legal liability for LCC if an accident/incident occurs.**
